

## **“Life Monza”: pupils of the Rodari School go to school with the PEDIBUS**

*The volunteers of the district accompany the children*

Pedibus service has started for the children of primary school G.Rodari in Monza. The project has been achieved in collaboration with ABCittà and it is insert in the actions foreseen by the European project LIFE Monza.

### The Pedibus

On Thursday 11th April the first of the Pedibus lines foreseen by the project has started and eleven children are already registered: the red line includes four stops. The next school year will be active two other lines: the Green from Via Archimede and the Blue from Viale Libertà.

### How it works

Pedibus is the “school bus on feet”: children registered at this service, organized in small groups, are accompany of voluntaries (one each 5-10 children) to get to school following the lines and pathways certificated by Local Police.

With the aim that the pupils and students doing your first steps towards the autonomy this funny health and safety means is also a way to know own district, socialize with the other students and increase the sustainable mobility in the home-school itinerary.
